Some Important points:

1. Genesis students can check their marks on Genesis Educates App.
2. Genesis students we loved your participation and it was very focused work hence the students who couldn't receive any scholarship due to GIMS will be awarded the scholarship on basis of their performance in all internal Tests conducted so far and even from future tests.
3. Please note that the scholarship applies to the tuition fees only

Remember appearing in a test which tested your skills for 3 hours is nothing less than an achievement in itself, GIMS was a beautifully designed paper which tested overall skills and do analyze the paper thoroughly to understand your gap areas so that together we can achieve our mission to crack Best colleges in the future.

Best wishes
